

Join The Repak Members' Plastic Pledge and let's deliver a more sustainable future for Ireland

1. Prevent Waste

Focus on prevention of plastic packaging waste by minimising single use packaging and promoting reuse.

2. Support the Circular Economy

Support Ireland to deliver the Circular Economy plastic packaging recycling targets of: 50% of all plastics recycled by 2025 and 55% of all plastic packaging recycled by 2030, as set out by the European Commission.

3. Simplify Polymers

Reduce complexity within the plastic packaging supply chain by simplifying polymer usage and eliminating non-recyclable components in all plastic packaging by 2030.

4. Use Recycled

Help build the circular economy for used plastic packaging by increasing the use of plastic packaging with recycled content.

5. Avoid Food Waste

Ensure the reductions in use of plastic packaging do not jeopardise opportunities to achieve Ireland's goal of a 50% reduction in food waste by 2030, as set out in Ireland's food waste charter.

What we have achieved since the 2018 launch

23,000 tons of plastic packaging waste prevented.

26,500 tons of recycled plastic incorporated into packaging or components.

18.6% average reduction in plastic packaging reported by Plastic Pledge Members.

Our Rewards

We reward our Members for their outstanding achievements.

Our Partners & Stakeholders

Roinn Cumarsáide, Gníomhaithe ar son na hAeráide & Comhshaoil
Department of Communications, Climate Action & Environment

Repak and Pledge members collaborate with partners and stakeholders through our Working Group.
