

Business funding recycling

Repak Ltd is Ireland's packaging recycling compliance scheme, set up by industry in 1997, licensed by Government and funded by over 2,370 member businesses.

Repak collects fees from its members which are used to fund the recycling of packaging waste from every business and household in the country. Repak members have helped fund the recycling of 10 million tonnes of packaging waste in Ireland since 1997 with member's funds of over €400 million.

Building on the continued success of Repak's ongoing partnership with its key stakeholders, we now invite applications from enthusiastic, dynamic and suitably qualified individuals to join our team.

Assistant Quality Assurance Manager

Reporting to the Quality Manager, you will be responsible for maintaining the current quality management system for Repak Ltd and developing and managing a new quality management standard. The person responsible will be meticulous about meeting standards, customer expectations and committed to improving business performance in Repak Ltd.

Experience working in a Quality Systems environment to a minimum ISO 9001 standard is essential. A competitive remuneration package is on offer, commensurate with qualifications and experience.

Applications, including detailed CV's, should be submitted by email to the HR Manager - hr@repak.ie by close of business on 18th May 2018.
